SUCCESS LOOMS FOR INDUSTRIAL WEEK, NOVEMBER 7-12

Well Laid Plans Make For Great Achievement In Commercial Advance

The week of November 7 to 12, inclusive, has been set aside as Industrial Week, on which occasion the merchants of this city and Phoenixians in general will act as hosts to thousands of visitors drawn here from all parts of the Southwest.

Hard times may come and hard times may go but Phoenix keeps forging ahead as usual. This is the spirit which has prompted the progressive merchants and manufacturers of the capital city to stage an exposition which in magnitude and splendor promises to eclipse any similar event ever attempted in this section.

Several high-class attractions and gatherings of note will be held here during Industrial Week, which with the industrial exposition will provide a full week's program of entertainment and education, and afford a splendid opportunity for meeting old friends and making new ones.

Special inducements to the out-of-town visitor are offered in the "Come-to-Phoenix-at-our-expense plan," which has been adopted by leading merchants.

Citizens of Phoenix are asked to lend their full support to this magnificent undertaking. Invite your friends to Phoenix during Industrial Week. You will be conferring upon them a favor. Enter your automobile in the decorated auto section of the grand Armistice Day parade. And when the big show is open, demonstrate your civic pride by attending the exposition, and thus show your appreciation of what is being done to make Phoenix the great trade center of the Southwest.

GIVE CHANCE TO VISIT PHOENIX WITHOUT COST

"Come to Phoenix at our expense." This is the slogan which is expected to attract hundreds of outside buyers to Phoenix during Industrial Week, November 7 to 12.

Owing to the lack of time it was impossible to secure railroad rates but the merchants by joining together have been able to present a far more attractive plan, namely the refunding of the round trip railroad fare to every out-of-town purchaser.

To receive the benefit of this plan all that is required of the visitor is to register his name and address with the refund committee upon his arrival. During the week he makes his round of buying and at the end of the week is presented with a refund check. For instance: If the round trip fare amounts to \$7.50, all that is necessary to save this amount to the purchaser is to buy \$7.50 worth of goods among the merchants subscribing to the plan. In the event that the total does not reach this figure, a check amounting to ten per cent of the total purchase is made, thus allowing a partial saving on the railroad fare in any event. Those traveling by auto instead of train will have the same opportunity, all rebates being figured on the round trip railroad fare basis.

This plan has worked out with extremely gratifying results in San Francisco, Los Angeles and elsewhere, and that it will do so here is assured by the large list of representative firms which are backing the plan. This list is as follows:

The Bower Co., printers.
Dorris-Heyman Furniture Co.

GOLF PROFESSIONAL RETURNS TO PHOENIX

Scott, golf professional at the Country club, has returned to Phoenix, and to the Country club, after spending the past season at the Rockford, Illinois, golf club.
J. M. Barnes and Jack Hutchinson, two of the best-known golf champions in the country, are to be in Phoenix next February, according to Mr. Scott.
Mr. Scott was surprised when he saw the grass golf course at the new Country club. He had known of, course, that it was being developed, but was not prepared to see such a fine one as there is at the local Country club.

BOOTH SPACES UNDER BIG TOP ARE GOING FAST

All phases of the industrial and commercial life of Phoenix will be represented at the industrial exposition to be staged in Phoenix during Industrial Week, November 7 to 12, inclusive.

There will be exhibits of the manufacturing, mercantile, civic and educational activities of the community, and there will be special displays in agriculture and citrus fruits and cotton. Thousands of dollars worth of materials, machinery and stocks will be in the booths of the exhibitors, and a visit to the exposition will convince anyone that Phoenix is not surpassed by any community in the southwest as a busy, bustling, thriving city—a city of people who know the meaning of civic pride.

Many of the exhibitors are planning surprises for visitors, and the character and features of the various displays are being made a matter of deep secrecy.

For the past week the Industrial Week committee has been busy at its headquarters, 205 North Central avenue, making space reservations. The larger proportion of the space has been sold. There yet remain, however, a few choice locations. At the southwest corner of the exposition, which will be the entrance and at the other a commodious stage, connected with the main runway, which extends the full 300 feet length of the enclosure. One line of booths will extend around the outside of the stage, and another line of booths will flank the runway, and some 14 smaller booth units with frontage on four sides will be placed in the commodious stage.

A total of 30,000 square feet will be made available for display purposes, this being the floor space of the big tent which has been erected on the old industrial school building block opposite the federal building. At one end of this tent will be the entrance and at the other a commodious stage, connected with the main runway, which extends the full 300 feet length of the enclosure. One line of booths will extend around the outside of the stage, and another line of booths will flank the runway, and some 14 smaller booth units with frontage on four sides will be placed in the commodious stage.

Taken in the order of arrangement the list of exhibitors follows:

Barrows Furniture Co., 10 feet.
Bower Co., office equipment, 10 feet.
Nash Auto Sales Co., 20 feet.
Newland Music Co., Edison phonographs, 16 feet.
Dorris-Heyman Furniture Co., 30 feet.
N. Porter Saddle and Harness Co., 16 feet.
McArthur Bros., stationers and office equipment, 10 feet.
Electrical Equipment Co., 10 feet.
Ed. Rudolph, Ford distributor, 20 feet.
Among those who will occupy 10-foot frontage spaces along the sides of the runway will be:

St. John's Mission.
Melendez Co., wholesale grocers.
Bear Drug Store.
Bayless Baking Co.
Heath's Photographic Studio.
Graves Curio Shop.
Individual booths with four sides each and measuring 7 by 5 feet, 7 by 12 feet have been disposed of as follows:

Donofrio Floral Co.
Maricopa Creamery.
Grand central florist.
Goldberg Bros., men's clothing.
Space reservations made late yesterday by the following:

Capital Fuel and Feed company.
Palma Hardware and Arms company.
Manufacturing Stationers.
Dwight B. Heard, real estate.
McCall Cotton and Oil company.
J. C. Adams, linemen.
Prince Edward Island is the smallest province of Canada.

IS YOUR NAME ON THE LIST OF BACKERS?

In order to insure the success of Industrial Week it was early decided to raise a guarantee fund, toward which everyone in business either professionally or commercially would have an opportunity to subscribe.

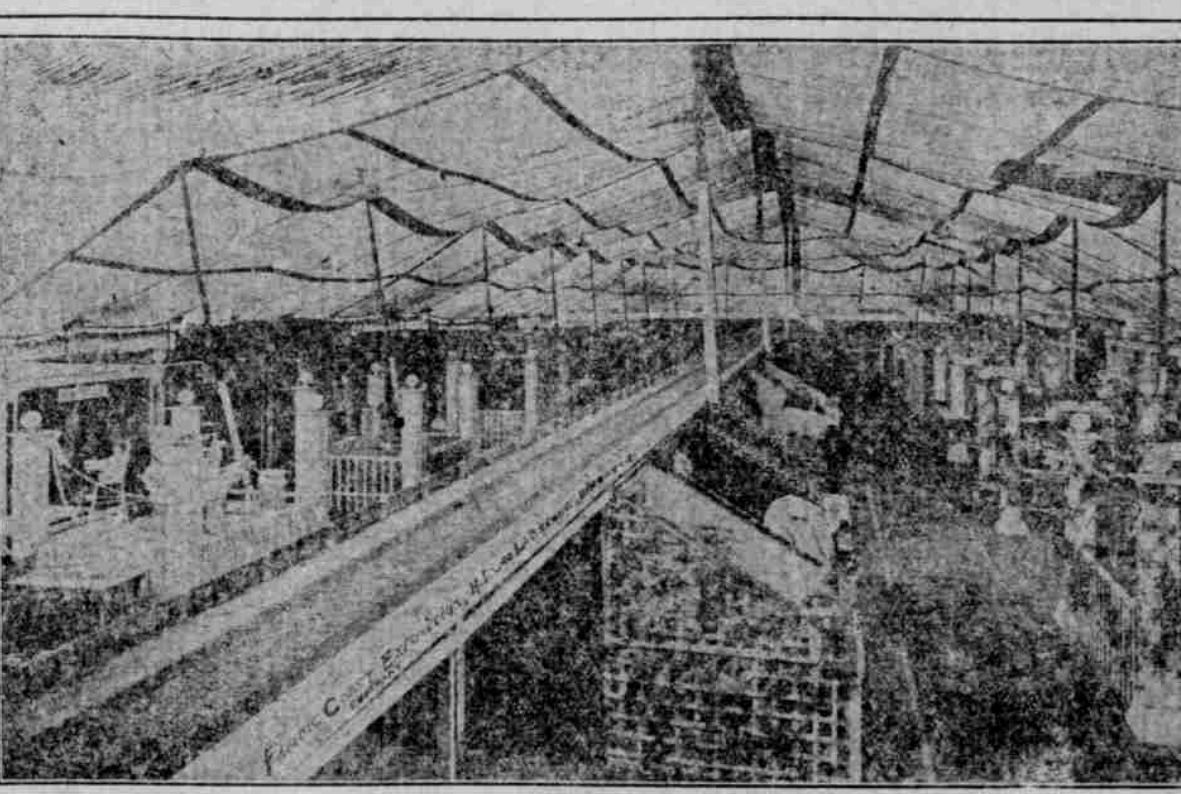

A subscription to this fund is in the nature of an investment for a greater Phoenix, and just as other investments it is expected to pay dividends.

The guarantee fund will be used to defray the expense of handling the exposition, including the use of a special exhibition tent and electrical equipment. The dividends will be paid from the net income of the exposition, made up from the sale of space and from the general admissions.

If everyone does his part the industrial exposition is going to be the most successful, and if it is that, each subscriber can rest assured that he will receive a dividend check, in addition to the list of those who have subscribed to the guarantee fund to date:

What Industrial Exposition Will Look Like-Photo Taken at Santa Ana Show

Varied Program of Superb Attractions

In addition to a high-class program of entertainment, featuring musical, vaudeville and fashion reviews every afternoon and evening at the industrial exposition tent, a large number of supplemental attractions have been secured for Industrial Week, which should make the dates of November 7 to 12 inclusive, 1921, memorable ones to the thousands who will be here. Here is a partial list of special attractions:

Nov. 7—Mabel Garrison of Metropolitan Grand Opera company in concert at High School auditorium.
Nov. 8—Circus day, street parade 'n' everything.
Nov. 9—Auto Race program at State Fair grounds.
Nov. 10—Grand street carnival and dance, preceded by evening parade en masse.
Nov. 11—Armistice Day parade, including spectacular pageant of industrial floats and decorated automobile section.
Nov. 11—Championship football game between El Paso and Phoenix Union high schools.
Nov. 9-12—Maricopa Poultry association's Poultry Show.
Nov. 11-12—Shrine ceremonial, including parade and grand ball.
Nov. 12—Auto races at State Fair grounds.
Nov. 13—Championship baseball game, Phoenix vs. Tucson.

ASK STORES CLOSE ON ARMISTICE DAY

The Veterans of Foreign War of the United States have asked, in a resolution adopted Monday evening and presented to the chamber of commerce Friday, that the stores of the city should observe Armistice day, Nov. 11, by closing during the day, excepting, of course, those which are always open on holidays, such as restaurants and drug stores.

The resolution follows: Whereas the 11th of Nov., 1921, will be the third anniversary of the day which marked cessation of hostilities in the world war, a day which was observed by the United States and other nations as a day of mourning and commemoration throughout the nation and a day never to be forgotten, especially by those veterans who were then overseas;

Resolved that the Chamber of Commerce of the City of Phoenix, in connection with the mass meeting to be held at the Elks hall, West Washington street at 10 o'clock this morning, by and for the disabled veterans of the world war, the following examination of the problems of the veterans have been prepared by one of their number:

"Disabled war veterans, are you aware of the benefits you can derive through getting to know and forming an organization that you can call your own?"

At the present time we have in this state a very capable and highly efficient medical staff under the able direction of Dr. W. O. Sweek; also a Veterans' bureau taking care of compensation, insurance and vocational training. The foregoing departments are without doubt giving all their time and energy to seeing that the disabled man gets what he is entitled to. Notwithstanding all they do there are numerous ways where the disabled men, if organized, could give considerable assistance to the various branches and incidentally be benefitting their own members.

There are over 2,000 men on the files drawing compensation in the state. Besides this as many more are scattered over the state who are drawing compensation but are not listed on the files of this district. A large number of these men do not belong to the state of Arizona, thus they are in no way connected or drawn to one another. Remember, an organization 4,000 strong will undoubtedly attain results in many ways that will be of benefit to all concerned. As we are now we cannot even help ourselves. "Unity is strength." So let us get together.

"The time is tomorrow morning at 10 o'clock, and the place is the Elks hall, West Washington street. The disabled veterans from the local hospitals will all be there. Come one come all—have your say and express your opinions as to what you think is the best for the formation of an organization."

SEEKING HOMES FOR 3 BOYS AND A GIRL

The Arizona Children's Home association has three American boys and one girl from 8 to 12 years of age who it desires to have placed in good homes, either adopted or otherwise. There also is a bright, good boy, about 5 years of age, and healthy, for whom a home is desired.

Supt. D. L. Reid of the home will be in Phoenix until Monday and Tuesday, and anxious to hear from any people who will take these children. His address in this city is 27 West McDowell road. Telephone 2174.

Proclamation Of Peace Expected Within Ten Days

[Republican A. P. Leased Wire] WASHINGTON, Oct. 29.—The administration, officials expect the formal proclamation of peace between the United States and Germany to be issued within the next week or two. Definite information is lacking as to the date on which formal ratifications of the treaty are to be exchanged, but it is the intention here to issue the proclamation as soon as that exchange is completed.

With the final establishment of a legal peace ending the question of pardons for violators of war laws will be taken up. Most prominent among these cases is that of Eugene V. Debs, now serving a term at Atlanta.

Prunella acid, which is poisonous, is found in peach and cherry stones.

FREE FROM DUST ASSURANCE FOR BIG EXPOSITION

That merchants contemplating displays at the industrial exposition need entertain no fear of damage by dirt or dust is made known, to a certainty by a written guarantee from the director of the exposition, the Industrial Week committee. Extreme care will be taken to guard against dust, and the most costly gowns and the finest fabrics can be placed on exhibition and used in the fashion reviews. A thick carpet of sawdust will carpet the big exposition tent, and this will be thoroughly sprinkled each morning and before the evening performance if necessary.

The guarantee from the management which is furnishing the tent says: "We guarantee that the tent is absolutely free from dust or dirt and in order to assure you of this statement, we have agreed to purchase at regular sales price, any gowns or gentlemen's clothing damaged that are exhibited in the big tent."

These words containing the guarantee contains also a mention of other matters of vital interest to exhibitors, and should be read by every merchant contemplating displays. It reads in as follows:

Phoenix, Arizona, October 27, 1921. Executive Committee, Industrial Week, Phoenix, Arizona. Gentlemen:

Attention: Mr. C. M. Stoddard. In regard to the advertising features of the industrial show, from the standpoint of department stores, specialty shops, millinery stores and men's and boys' furnishings, there are wonderful advertising possibilities to be had in the coming industrial show.

All those taking exhibit space are entitled to special fashion reviews, by announcement, on the brilliantly illuminated fashion review runway and stage seven feet high and extending the entire length of the three hundred feet pavilion. No other one form of advertising will place the goods and services of the exhibitors before the public in such an emphatic manner.

We can prove to the most skeptical that the finest goods will be protected and will be as free from dust and dirt as they are in the stores themselves. Experienced models will be furnished for the many fashion reviews and any goods damaged by the slightest of these models will be purchased at the regular sales price. We guarantee that the goods will be free from dust or dirt and in order to assure you of this statement we also agree to purchase, at regular sales price, any gowns or gentlemen's clothing damaged that are exhibited in the big tent.

The fashion review area features which will be advertised throughout the entire district and will attract thousands of men and women anxious to see the latest in fashions for winter.

Trusting that stores in Phoenix will all avail themselves of this opportunity to show the people of Phoenix and surrounding towns what can be purchased at their respective stores, I beg to remain

Yours very truly,
H. ELMO LA BRENQUE,
Director of Exposition.

RETURN VERDICT IN RECORD TIME

A new record in length of time required to reach a verdict in this county was established by a jury in Judge Stanford's court Friday afternoon in the case of the state against Fred Koopman, charged with embezzlement. Just five minutes after the jury filed out of the courtroom to deliberate the foreman announced a verdict had been reached. The verdict was not guilty. The Thomas Roman murder case, in which the jury was out only eight minutes, holds second place in Judge Stanford's court.

Koopman was charged with receiving \$800 in money and Liberty bonds from his brother, William Koopman, in St. Joseph's hospital prior to the death of the latter and with failure to turn the property over to the estate following the death of Koopman. Koopman is alleged to have converted the property to his own use. He was arrested in Oregon and brought back here. The decision in the matter was appealed to the supreme court.

"My Home" POEM BY MRS. LEEPER

Mrs. Wylie Leeper, local club woman, who is contributing a series of poems to The Republican, has entitled her latest contribution, "My Home." It follows:

I dream through the day when the cares are thickest.
Of the home that awaits me yonder.
And the warmth I dream.
And the wealth of love to squander.

I dream—and the want in that waiting home.
Makes almost my courage fail—
But I love, I dream, I dream.
With its heartening glow,
Shines out on the homeward trail.

I dream and I tell 'till the day is done
And always my heart is singing.
"I know no death
Of the wealth of Earth."
For joy that home is bringing.

—Gertrude Bryan Leeper.
